

The concrete paths from the driveway to the toddler door and to the parking lot are about to be transformed into a "Peaceful Promenade" created with engraved bricks, personalized by you. Dedicate a brick to your family, children, or someone who inspires you. Add your favorite word, quote, or phrase that motivates you. Share your words of wisdom and hope with all who walk these paths and maybe your brick will be the one that inspires and transforms someone else's tough day into one of peace.

Your brick donation will forever be part of the MSOE community and for all who visit these paths. When people visit MSOE, meet the staff and other families, they tell us it feels comfortable, like home. We want to improve the landscaping in front of the building to fit that internal feeling and experience. Also important, is a design to mitigate the flooding that inevitably plagues the basement more than several times a year adding cost to our budget and taking time away from getting other important things accomplished. Your contributions will help us achieve these goals.
