

My name is Anthony Iovino and I am the founder of Finn's Friends, an Autism Awareness Non-Profit located in Williamstown NJ. Almost 1 Year ago, I shared my dream of Building an All Inclusive Special Needs Park in the heart of Williamstown with Mayor Greg Wolfe and his staff. They immediately jumped on board because they realize that building an all-inclusive special needs park reflects a commitment to equality, diversity, and community engagement, enriching the lives of individuals with special needs and the communities they belong to.

With the support of Mayor Wolfe and everyone on town council, a resolution was passed that Monroe Twp along with Finn's Friends would build the first Special Needs Park in Gloucester County. We want to give the public the opportunity to engage in this much needed project and forever cement their involvement with the construction of this park. With your contribution, your name or business name will be lasered on a brick or tile and be used to construct the Finn's Friends Park Entrance Sign. Everyone who visits the park will be greeted with your presence.

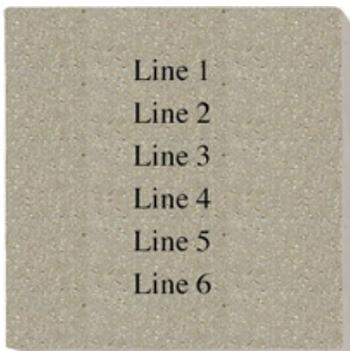

Thank you from everyone at Finn's Friends!
