

The new front entry design will enhance the experience of school visitors through a centralized "Welcome Center" that beautifully integrates with the school's existing architecture, offering increased safety, an expanded front office, and a new student health center. Through this project, Pius X Family members will have a unique opportunity to be part of the Pius X legacy with customized engraved bricks that will be installed along the new front entrance walkway.

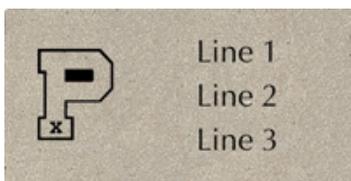

Engraving your name, or the names of students, alumni, beloved family members, teachers, or friends provides an opportunity for commemorating your Pius X memories in a special way. Students, staff, and visitors for decades to come will see the names and inspiring messages custom engraved on these beautiful walkway bricks.

Limited quantities of engraved bricks are available. Please see the Brick Policy for details before you submit your custom engraving message for approval.
