

## **Support Clean, Accessible Drinking Water at Pullman's City Playfields - Support the Pullman Rotary Memorial Fountain Project**

The Pullman Rotary Memorial Fountain Project is replacing broken and outdated water fountains at the City of Pullman Baseball Playfields with modern, ADA-accessible, pet-friendly drinking fountains designed for everyday community use. These fountains will serve families, athletes, pet owners, and visitors—making Pullman's parks more welcoming, functional, and sustainable.

Help us support this community improvement by purchasing a custom-engraved commemorative brick to be installed around the fountain site. Each brick (4" x 8") is laser-engraved with your personalized message and designed to last for generations.

Your personalized brick can:

- Honor or remember a loved one
- Pay tribute to a beloved pet
- Recognize a family, organization, or business
- Mark a personal milestone or meaningful message

By purchasing a brick, you're helping fund a practical, long-term improvement to Pullman's parks, while also creating a lasting tribute that reflects those who matter most to you.

The Rotary Club of Pullman is leading this project, in partnership with the City of Pullman Parks and Recreation Department.

Learn more about the full project scope, community impact, and additional ways to get involved by visiting the Pullman Rotary Memorial Fountain Project page.

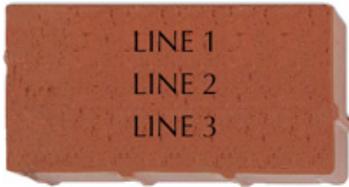

All donations are tax-deductible.
