

## Help CCMI Create a Future for Coral Reefs - Support our Buy-a-Brick Campaign

Support the construction of our new marine education facility by purchasing a personalised tile or design a collection of tiles that can feature your family's message, company logo, or honour a loved one. Together, contribution from the tiles will help us expand our ability to educate more students and inspire future ocean conservationists through impactful marine research programmes.

Each tile, whether part of an individual purchase or a larger collection with a logo added, will be permanently integrated into CCMI's new facility. Your contribution will not only fund the much-needed space but will also create a lasting, visible testament to your support for coral reef protection.

Support starts from CI\$250 (\$305USD) and helps CCMI to continue the critical coral research, enhance education, and promote environmental advocacy well into the future.

Together, we are building opportunities, making bold statements, and shaping a sustainable future for coral reefs.
