

Civil Air Patrol's Minnesota Wing stands ready to serve the citizens of Minnesota. However, Minnesota Wing has never had a permanent training or operations facility. In 2016 the Minnesota Legislature granted a \$3.5 million dollar grant. After an exhaustive analysis, the Wing settled on Hutchinson Municipal Airport as an ideal location. This facility will be known as Camp Craig, named in honor of two of our former members, William and Colette Craig. Not only will Camp Craig be a complete training facility, it will also serve as the center for large-scale emergency operations. It will include a main building with classrooms and meeting spaces, and dormitory facilities. Due to pandemic-related delays and cost increases we will need other donations to complete the facility. As we look forward to another 80 years of service to Minnesota, we ask for your support. Please consider donating, and thank you.
