

Hurricane Dorian brought a 7-foot tsunami across Ocracoke Island that flooded our church and parsonage causing unprecedented damage. After over \$500,000 of repairs, we are now able to worship in the church! There is still work to do, classroom materials to be replaced, and programming costs to secure. We are dependent on the generosity of people like you.

Please consider donating to our effort as every little bit counts.

We are planning to extend our brick walkway to encompass our new front stairway and we need your help! Commemorate a family member, friend, loved one, or company in a personally engraved brick to rest in front of Ocracoke United Methodist Church. We plan to use the proceeds from this fundraiser to build the walkway and finish the remainder of repairs needed on the church.
