

We're restoring a piece of local history – Freehan Field, built in 1972 by Waterford police officer Joe Humbaugh – and we need your help. To support the restoration, we're selling personalized bricks that will be paved into a walkway leading to the field or placed behind the backstop.

Each brick is a chance to leave your mark and be part of something lasting. Once complete, Freehan Field will reopen for community use, providing a space for young ball players to learn, grow, and play.

Your donation supports the launch of the Freehan Field Foundation and helps preserve a legacy that will live on for generations.

To place your order on-line please visit:
