Ralph Scott Lifeservices

A small idea grew into a bold vision, rooted in the belief that everyone deserves a place to engage, connect, and actively participate. Through collaboration, thoughtful planning, and a shared commitment to inclusion, the StarPoint Outdoor Enhancement & Accessibility Project came to life.

The project will feature wide, accessible pathways with musical elements that encourage movement, exploration, and self-expression. Wheelchair-accessible swings, raised ADA garden beds, and welcoming gathering spaces will create opportunities for people of all abilities to enjoy nature, participate in activities, and spend time together.

Engraved bricks will be incorporated into the entrances to gathering areas, creating a lasting way to recognize loved ones, honor someone special, or show your support for a more accessible and inclusive community. Each brick will become part of the StarPoint campus and a reminder of the people who helped bring this vision to life.
