

Rise and Build

How exciting it is when people can be a part of something that outlives themselves, to have an impact and influence far beyond their lifetimes. Such is the opportunity that the building and renovation of our new student, children and special needs ministry areas will afford. It is a project that will be used to help train and shape lives for generations to come.

To commemorate this moment, we are offering an opportunity to have a timeless memory. You may purchase a brick that can be personalized to honor your family or to present "in memory of," or even to celebrate a company that believes in the future of this generation. The donated bricks will be placed in a prominent location near the new construction. In addition to becoming a part of North Cleveland Church of God's legacy that has been built on this very location since 1906, they will also be part of our future and a lasting tribute, paving the way for all that God has in store for us!

It's easy to get started, just follow the steps below. All donations are tax-deductible.

North Cleveland Church of God reserves the right to edit imprint submissions or cancel orders, if deemed necessary.
