

Would you like an opportunity to enhance our beautiful little town while helping children and families, providing employment for capable citizens, and watching young parents realize their potential?

Child care in Vermont has reached a critical stage. Young families suffer because they lack affordable, available child care. Children face inconsistency in their lives. Families live below the poverty line, being unable to secure meaningful, permanent employment. You can help, and the groundwork is already done: eight years of work by dedicated board members, community members, and consultants. Be a part of something big while memorializing yourself, a loved one, a friend, or a cause with individualized bricks. Your support will help offset construction costs. The donated bricks will become a walkway to Alburgh Family Clubhouse, a lasting tribute, paving a way for future generations.

Read on for details about how to take advantage of this exceptional program that allows you to become a permanent part of Alburgh Family Clubhouse. Ordering is open for a limited time. Bricks will be installed during the building process. Place your order soon, because space is limited. The bricks are engraved using state-of-the-art laser technology. Every brick engraving is guaranteed for life. All donations are tax deductible.

Buy a brick today!
