

## A Legacy of Generations: Raising Christian Leaders

Honor a current or past student. Provide inspiration or encouragement. Or simply purchase a brick to support Christian education. Our school community is a place where students are inspired every day through the nurturing, teaching and hard work of staff who have a love of Christ and young people. What a joy to be able to build a strong future for students, their families, and the community!

Champion Christian education with a message for the students, a tribute, or simply the name of a business, donor or student. Bricks are displayed in the classroom wing.
