

**Missaukee
Humane Society**

Missaukee Humane Society is thrilled to announce the construction of a new veterinary clinic that will offer not only additional medical services for shelter animals, but also more veterinary appointments and spay/neuter surgeries for the public's pets.

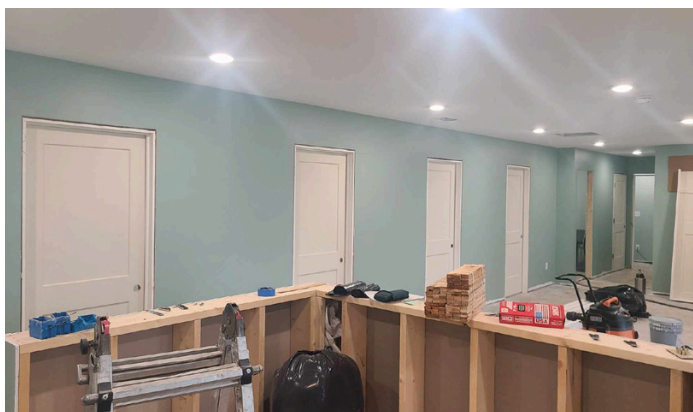

The Humane Society currently offers vaccines, wellness visits and surgery appointments to the public two days a week, but there is a much greater and growing need. The expansion will allow us to help with that demand, and provide much needed and more affordable vet services for the people and pets of our community.

A capital campaign is underway to help fund the new clinic, and there are many ways to help. One way is to "buy a brick" with your name and personal message.

You may individualize a brick for you, your family, a loved one, or make a memoriam. The donated bricks are engraved using state-of-the-art laser technology, and will be displayed as a lasting tribute that paves the way for our future. Order yours today!

For information on other donor opportunities, visit mhspets.org or visit us on Facebook.

To place your order on-line please visit:
donate.brickmarkers.com/mhs
